Mr. John Watson, Chief of Staff
Attorney General's Office
Supreme Court Building
P.O. Box 899
Jefferson City, Missouri 65102

Dear Mr. Watson:

This letter is a follow-up to our conversation yesterday concerning my request for information related to the Attorney General's Office receipt, deposit and disbursement of the \$629,987 proceeds from the multi-state settlement with Caremark. I appreciate the Attorney General's request to discuss the investigation. However, yesterday was the deadline for the information I requested from your Office in my first letter to Attorney General Nixon dated May 14, 2008. While the information you provided was timely, the response was incomplete.

I am writing to make certain that as a result of our conversation, I have made it clear what must be included for your response to be complete:

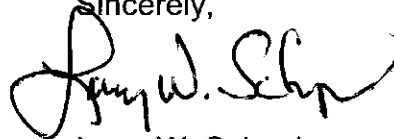

- 1.) All documents related to the court order you sent to us yesterday that will give me a complete understanding of the intent of the court in this matter.
- 2.) A copy of the settlement check and a record of its deposit into a state fund along with any documents and correspondence that provide an explanation of why the proceeds were deposited into the Attorney General Trust Fund.
- 3.) A detailed description of the methodology by which you disbursed the settlement funds, including, but not limited to; the grant guidelines; the completed grant applications; any information that would evidence the rationale used to select the beneficiaries of the grants and a complete list of the award amounts with the name of every organization that received one of these grants from the Attorney General Trust Fund.

4.) The above requests are made for any and all documents and correspondence regardless of whether those records are in a physical or electronic format.

We both agreed that we are interested in an expedited conclusion of this investigation being conducted in response to a request to me from Representative Allen Icet, in his capacity as Chairman of the House Budget Committee. However, I will not refrain from a thorough investigation. Therefore, I must insist that you deliver a complete response to the information I have requested no later than 5:00 PM, Tuesday, May 27, 2008.

If my request is not clear, please contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Larry W. Schepker". The signature is fluid and cursive, with the first name "Larry" being more prominent.

Commissioner
